

2017 Quilters Corner Block-by-Block

We love offering spectacular projects, which you can create little by little. As we begin the new year, there are lots to share (there will be even more later in the year!).

Chocolatier ~ Start date - January 7th

Chocolatier is a bold 72" x 72" sampler. The wonderful version I saw at Quilt Market featured a white background with 6" pieced blocks set in a huge LeMoyne Star format. Each month, for twelve months, you will receive a full color pattern that covers fabric requirements, block construction and alternate color ways for the quilt. I love seeing how different the blocks look when done in solids, tone-on-tone prints or batiks. The first month's pattern includes the supply list for the complete quilt. You may select your own fabrics, or have us cut a kit for you (in fabrics similar to those used in the original quilt featuring solids).

Pattern fee: \$3.00 per month, or \$30.00 when paid in full when registering, Fabric kit for Modern Milk version - \$89.95 (background fabric in our kit is a solid)

Journey's End ~ Start date - January 26th

Kim Diehl's newest sampler features pieced houses, sporting small pieced blocks on their sides. The 66 1/2" x 66 1/2" sampler uses a little of every fabric in her new Katie's Cupboard Collection, and in our case, other Kim fabrics that coordinate perfectly with the collection. Each month, for six months, you will receive the pattern and Kim Diehl fabrics for five houses and a portion of the border. This is sure to become a treasured favorite!

Kit fee: \$29.95 per month - includes patterns and fabric (current members of our Kim Diehl Simple Whatnots club will have the opportunity to make the piece from their Kim collection - details at our January 26th meeting)

Lallybroch Lane ~ Start date - January 7th

Lallybroch is a Row style sampler available in three different sizes. The blocks remain the same, but change in size and quantity, in the different versions. The setting also changes slightly as the quilt grows larger. Each month, for six months, you will receive an instruction sheet, which includes cutting information, piecing directions and illustrations for the size quilt you have selected. You will receive an introductory sheet listing fabric requirements for the quilt (background, fat eighths or fat quarters and setting fabric) when you register and pay for the program. Select the small (29 1/2" x 37 1/2"), medium (62" x 84 1/2") or large (86" x 90 1/2") when you register.

Fee: \$4.00 per month, or \$18.00 when paid in full when registering

Paradox Point ~ Start date - February 25th ~ 12:00pm

The newest Sassafraz Lane quilt is a modern style, foundation pieced wonder. The twelve arrows that make up the quilt will be studied over the course of four sessions. We will focus on fabric selection, organization, and techniques for foundation piecing during the sessions.

Fee: \$10.00 per session (first and last session are paid when registering) - fee includes book and instruction
