*Skill Level: Beginner*

March 16

or March 31

Thursday ~ 6:30pm – 8:30pm

Friday ~ 11:00am – 1:00pm

The "Diva Frame Wallet", designed by Jessica Van Denburgh, is a sleek way to carry your important items. It can be used as a clutch or made to accessorize a larger bag. The simple construction allows one to explore fabric designs – their placement and interaction. The metal frame closure is a unique, easy, and interesting addition to this splendid clutch wallet. Make an accessory with timeless elegance or contemporary panache.

Fee: \$23.00 (includes a \$10.00 pattern)

## Baker Street

*Skill Level: Beginner*

April 7

or May 9

Friday ~ 11:00am – 2:00pm

Tuesday ~ 11:00am – 2:00pm

Sassafras Lane Designs are always coming up with wonderful new patterns. Barb was taken with their Baker Street design and all she learned while making it. She is now ready to share techniques that will help you improve your cutting and piecing skills, while making the modern style rectangular blocks. Select contemporary, or even more traditional prints to begin your 64" x 84" quilt during this session.

Fee: \$27.75 (includes a \$9.50 pattern)

I'm always excited when I see a new book that helps me cut into my charm pack collection. It's best when the book contains a wide range of tempting quilts. The newest Country Threads offering fits the bill perfectly. "Sew Charming" contains patterns for 18 irresistible small quilts. Because they are constructed from charms (and in many cases added background and setting fabric), they naturally showcase the best of scrappy style. In this book each quilt is shown in the authors classic country style palette, and also in a more contemporary look. I cut most of my smaller leftovers into 5" squares as I clean up from projects, so a stack of batiks was just waiting for this book. With the help of the beautiful photography, clearly written instructions and fantastic illustrations "Snowballs and Nine Patches" is almost done. Well, the top is almost done, but that counts, right? I think you'll find this book has plenty of variety to keep you stitching through the cold months ahead.

## Twister Pillows

Barb Hudak

*Skill Level: Intermediate*

March 2

Thursday ~ 11:00am – 2:00pm

Whether you have never used a twister tool, or have and want to make something new for your home, the class project will be easy and fun. In class you will get acquainted, or reacquainted, with the Lil' Twister. With Barb's guidance, and a new Twister pattern, you will begin work on one of five pillow designs in the pattern, "Diagonal", (shown sitting on the shelf in the photo to the left). After learning the process (cutting, stitching, re-cutting in a very organized manner) you will be ready to create all the others or your own original design.

Fee: \$27.75 (includes a \$9.50 pattern)
