

# 2018 QC Block-of-the-Month Programs

Truly incredible quilts can be created little by little over the course of a year. The beauty of the finished quilts, and the seeming ease with which they are created, is the reason these quilts are so very popular. You will find details about several of the block-of-the-month programs here, others can be seen in the shop. Consider joining us for one, or several, this year.

## *Almond Country Beauty*

This fun, bright quilt is made up of sixteen, 12" foundation-pieced quarter-compass blocks. Each segment of the 60" x 60" quilt is different, and will feature a range of prints (including batiks) which coordinate with our inspiration fabric. You will select a background (5 1/8 yards), and we provide the prints. As a special gift, gather all of your monthly kits during the year and receive the 13th pattern (border and setting directions), inner border fabric, and binding fabric free!

Fee: \$15.00 per month (fee includes patterns, piecing fabrics, and Almond Country Beauty introductory session at 12:00pm on January 20, 2018) Please note - pre-registration required, month 12 kit fee is paid when registering

## *Be My Neighbor*

Welcome to the Moda neighborhood - a whimsical 68" x 84 1/2" quilt composed of sixteen different pieced house blocks. Your quilt will require 4 1/2 yards of background, 1 1/4 yards border and 2/3 yards binding - the rest of the piecing can be done from a wide range of fabrics. Make your village from fabrics in a single color, or style, or by a single designer, or go crazy and include everybody!

Fee: This one is different - the pattern is a gift with the purchase of five Moda fat quarters each month (or a single Moda cut of 1 1/4 yards or longer during the month). Each pattern is available for a single month - pattern #1, January, is available now. Registration is required.

## *Floral Menagerie*

This cheerful 72 1/2" x 96 1/2" quilt stopped us in our tracks at Quilt Market. The simple appliqué shapes worked in the wonderful floral print proved irresistible! Each of the twelve blocks finishes 24" x 24". Various techniques are used including strip piecing, stitch and flip, foundation piecing, and appliqué. Your monthly kits will include the piecing and appliqué fabrics and pattern.

Fee: \$18.95 per month

## *William Morris Medallion*

This classic 72" x 72" pieced medallion quilt dramatically showcases prints inspired by the work of William Morris. Moda is presenting the quilt in a journal format - a small booklet with basic block instructions and room for you to add notes about your creative journey. The quilt can be worked in the fabrics Moda shows (ask about purchasing a kit), or in Morris fabrics from your collection, or in any other fabrics you select (be sure to add your scraps!). We will meet every other month over the course of the year to review block construction and setting directions. Some of the blocks may even be worked by hand during our meetings. This is an incredible quilt - a true tribute to Morris' belief that you should own only those things you believe to be useful and beautiful (this medallion is both!)

Fee: \$42.00 (includes booklet and meetings) Sessions will be held January 23, March 20, May 8, July 10, September 18 and November 20 at 10:30am.
