

Fat Robin Compass

Barb Hudak

Skill Level: Intermediate

February 10

Saturday ~ 10:30am – 1:30pm

Mariner's compass construction has always meant drawing out templates or paper piecing, but with this unique ruler and strip piecing – you can leave those other methods behind. The process is a bit different than most basic quilt block techniques, but designer Robin Ruth's instructions are clear and very detailed (and you'll have Barb as your guide). The Fat Robin ruler (included in your class fee) offers sixteen sizes to choose from (6"-36"). The class piece is made with an 8" and 26" block. There are a number of finishing options – including machine or hand appliqued centers, along with additional block finishes. This class will teach you the technique, (you will leave with a completed block), and once you see how it's done, you won't be able to stop stitching compasses!

Fee: \$49.50 (includes a \$39.95 ruler and pattern book)

Basket Pop-Ups

Barb Hudak

Skill level: intermediate

February 24

Saturday ~ 12:00pm – 2:30pm

Learn all the little construction tricks for these adorable baskets during class. The handled holders are offered in three different sizes - perfect as Easter baskets or as a unique storage container. Best of all - they store flat - pull them out when needed and then tuck them away for the future!

Class: \$24.25 (includes \$9.00 pattern)

We are offering a fabulous new block-of-the-month from Sassafra Lane this year, but Cadence Court is not their only new item. Mapleton Avenue offers a contemporary take on Log Cabin quilts. The complex looking quilt is made with 2 1/2" strips and a simple pieced block (honest, it's very simple!). They include complete cutting and construction details in the pattern, along with a layout sheet that details the blocks needed for a variety of finished quilt or runner sizes. The design will be wonderful made in their first fabric collection (due at the beginning of the new year), or in your favorite colors - contemporary to historic, any group will shine!

Pattern: \$9.50

Sandy Gervais' newest collection is "Love You!". The sweet, small-scale prints feature hearts, arrows and dots. The aqua and red color combination makes them perfect for Valentines Day and for other celebrations, as well. We are just beginning to piece the "Flipped Over You" pattern she created for the group. The 18" x 28" piece is made from a Charm Pack and added fabric for background and borders. If you have been storing a Tri Recs tool, it's time to pull it out. Sandy uses the tool to cut the pieces for the bottom of the heart and then uses another technique to form their tops. We love the longer heart shape created with this pattern - perfect here and for lots of other quilts!

Fabric \$10.99 per yard, Charm Pack \$9.99, pattern \$8.50
