

## Disappearing Pinwheel Arrow Quilt

Barb Hudak

*Skill Level: All*

July 8

Saturday ~ 10:00am – 1:00pm

Jenny Doan has become an inspiration in the quilting world. From her shop to YouTube videos, she is known all over the world. In her Winter 2017 volume of the Block Book, she shares some fabulous quilts. Although easy enough to do, they do in some cases need a little explanation. In the Disappearing Pinwheel Arrow quilt that is exactly what is helpful. Using 10" squares you will learn how to make a pinwheel and then turn that pinwheel into an arrow block. Forty two 11" finished blocks make up the quilt (81" x 92"), but you can make as many as you wish for a splendid quilt.

Fee: \$20.00

## Take the Roundabout

Jamie Mack

*Skill Level: Intermediate*

June 28, July 26 and August 9

Wednesday ~ 10:30am – 1:30pm

Join Jamie as she "Takes the Roundabout", Pat Sloane's latest summertime sampler quilt. You will learn how to organize and prepare for this project, sew accurate seams, press properly and learn Pat's fusible applique method. This 58" x 72" quilt is sure to be a summertime stunner.

Fee: \$59.00 (includes a \$12.00 Pattern)

## Christmas Pop Up Shop

Wednesday ~ June 28th and

Thursday ~ June 29th

10:00am - 9:00pm

The Christmas fabric seems to arrive earlier and earlier each year - no matter what we do! This year we have decided to acknowledge it's arrival in a big way. We are hosting a Pop Up Shop in a rather unique manner. Rather than going out into the world to find a space, we are going to make use of our classroom space (no small feat, as you can imagine!). We've taken ideas from some of our favorite Quilt Market booths and worked them into the plan. For two solid days the space will become a winter wonderland. You will find new models lining the walls, new books and patterns tucked in everywhere, and display after display of holiday fabric. We are going to leave a small space to showcase some of the new techniques we are using in the models because we love sharing how we have done the pieces you see. The elves will be hard at work from now until June 28th and 29th so you will have the most impressive start to the holiday stitching season ever!
